Please review the *Student Handbook: Rights & Responsibilities* with your child. His/her teacher has discussed it in class, as the **Code of Student Conduct** (pp. 3-15) and the policies and regulations it references are an important part of daily student life, supporting a safe and secure learning environment. It is so central to success in school that there will be periodic reviews of important sections of the *Code* during the year, in particular sections related to:

- **Participation in Senior Activities** (page 18),
- **Academic Integrity** (page 21), and
- **Technology Resource Use by Students Regulation** (page 22).

It is essential that the school and home work together to assure that all students meet the high expectations for behavior established in the *Code of Student Conduct*. This enables students to succeed in school and the community. Your support is vital in this process.

After you have reviewed the Student Handbook and the Code of Student Conduct with your child, please sign and return the signed form to the school.

A Message from the Superintendent

As I travel across the county to visit the students, parents, and employees that make up our school system, I continue to be amazed at the amount of passion and dedication that I see. In preparing for this school year, I am more convinced than ever that we can, indeed, be great. There are certainly challenges to overcome. But I believe in my heart that we can do exactly that, and that we can continue to move forward along our Journey To Greatness.

While every person in our school community plays a role in our success, I must emphasize that excellence is not possible without you, our students, who give us nearly 76,000 reasons to work so hard. As we make every effort to provide safe, encouraging environments for you to reach your academic and social potential, we need you to come to school with open minds and positive attitudes.

While this handbook outlines student rights and responsibilities and the expectations for how students should conduct themselves in the Code of Student Conduct, I would like to stress the importance of conducting yourself with integrity. Integrity — academic and otherwise — embodies all truths. It means being true to yourself and the people around you. It allows for accurate assessment of your abilities in the classroom so that you can succeed. It provides a

gauge by which you know who to trust in your life.

And it ultimately serves as the foundation of our morals. Even though we place great emphasis on academic achievement, our educators are equally committed to cultivating respectable young men and women who will be positive contributors to our society. The responsibility of teaching young people requires integrity and the ability to pass along its importance.

When I think about our school system achieving greatness, there is no better evidence of the work we've done than your success in every aspect of your life. Such success is possible through the talents and efforts of students like you, the dedication and passion of our teachers and other employees, and the support and encouragement of parents and school community members. I look forward to sharing a great year with you.

Sincerely,

Kevin M. Maxwell, Ph.D.

Introduction

In Anne Arundel County Public Schools, students have rights and privileges as well as responsibilities. While the school system has an obligation to provide an education for all students, we have set high standards for students to conduct themselves in a way that is respectful and helps to build a climate essential for learning. Students can expect school staff to reinforce positive behaviors.

Students, parents, teachers, school administrators, and community leaders have developed this handbook, which outlines appropriate, responsible student behavior. It is intended to inform students of the expectations for behavior that will result in a school atmosphere that promotes excellence in teaching and learning.

The purpose of the handbook is four-fold:

1. to illustrate expected appropriate and respectful student behaviors,
2. to describe violations of the Student Code of Conduct and associated interventions and consequences that may be enforced,
3. to outline student rights, privileges, and responsibilities, *and*
4. to provide information about how to get help with appeal requests, processes and procedures, and resources available from school system personnel. This handbook also includes a glossary of terms used throughout the document.

Equally important to sharing what is expected of students is that school and district policies and practices support character development, the development of self-control, and positive behavior choices. Developing positive and effective student behaviors requires collaborative efforts from school, home, and community organizations and agencies. Some of the most important character traits we can assist students in learning are: **responsibility**, **respect**, **trust**, **citizenship**, and **caring**.

Responsibility is demonstrated by always doing your best, thinking about consequences, being accountable for choices, and doing what one is expected to do. **Respect** is shown by treating others the way you wish to be treated, using good manners and appropriate language, dealing peacefully with anger, insults, and disagreements, and accepting differences among people. **Trust** is built by keeping promises, telling the truth, being reliable, and building a good reputation. **Citizenship** has to do with making your school and community a better place, obeying laws and rules, and respecting authority. And finally, **caring** is showing concern for the well-being of others around you.

Our schools support appropriate student behaviors that facilitate learning and minimize disruption in several ways. One example is *Second Step*, a social skills program which is designed to prevent violence in schools by teaching students the social skills they need to recognize their own feelings and those of others, refrain from impulsive behavior, and manage their anger. *Positive Behavior Intervention Supports (PBIS)* is a proactive approach to school-wide discipline. It focuses on creating and sustaining strategies for achieving positive social and learning outcomes while preventing problem behaviors through a collaborative team approach analyzing and responding to discipline-related behavioral patterns.

The focus of this handbook is to guide student behavior, to link interventions to improve student behavior, and inform others that will assist school staff in creating safe and orderly environments. The rules and expectations outlined have been developed so that a combination of consistent, fair, proactive, corrective, and instructive strategies will be implemented in every classroom and every school, and opportunities for teachers to teach and students to learn will be achieved. As a result, students, staff, and parents all benefit.

***When I make positive behavior choices, I will be successful.
If I do not make positive behavior choices, I will receive interventions
to help me learn to make better choices.***

A major initiative in AACPS is *Positive Behavior Intervention Supports* (PBIS) which includes proactive strategies for defining, supporting, and teaching appropriate behaviors to create positive learning environments. Attention is focused on sustaining a three-tiered or level system of support to enhance student learning. Students often need encouragement and new skills to improve their behavior and assistance in learning to do so. School staff recognize that maintaining and changing student behaviors involves a continuum of acknowledgements, supports, and interventions.

(Center for Positive Behavior Intervention Supports, University of Oregon)

Three Levels of Intervention

Level 1—All Students

Includes:

- general curriculum enhanced by acknowledgments of positive behaviors, and clearly stated expectations that are applied to all students

Level 2—Targeted Interventions

Focus on:

- specific interventions for students who do not respond to universal efforts
- targeted groups of students who require more support
- interventions that are part of a continuum of behavioral supports needed in schools

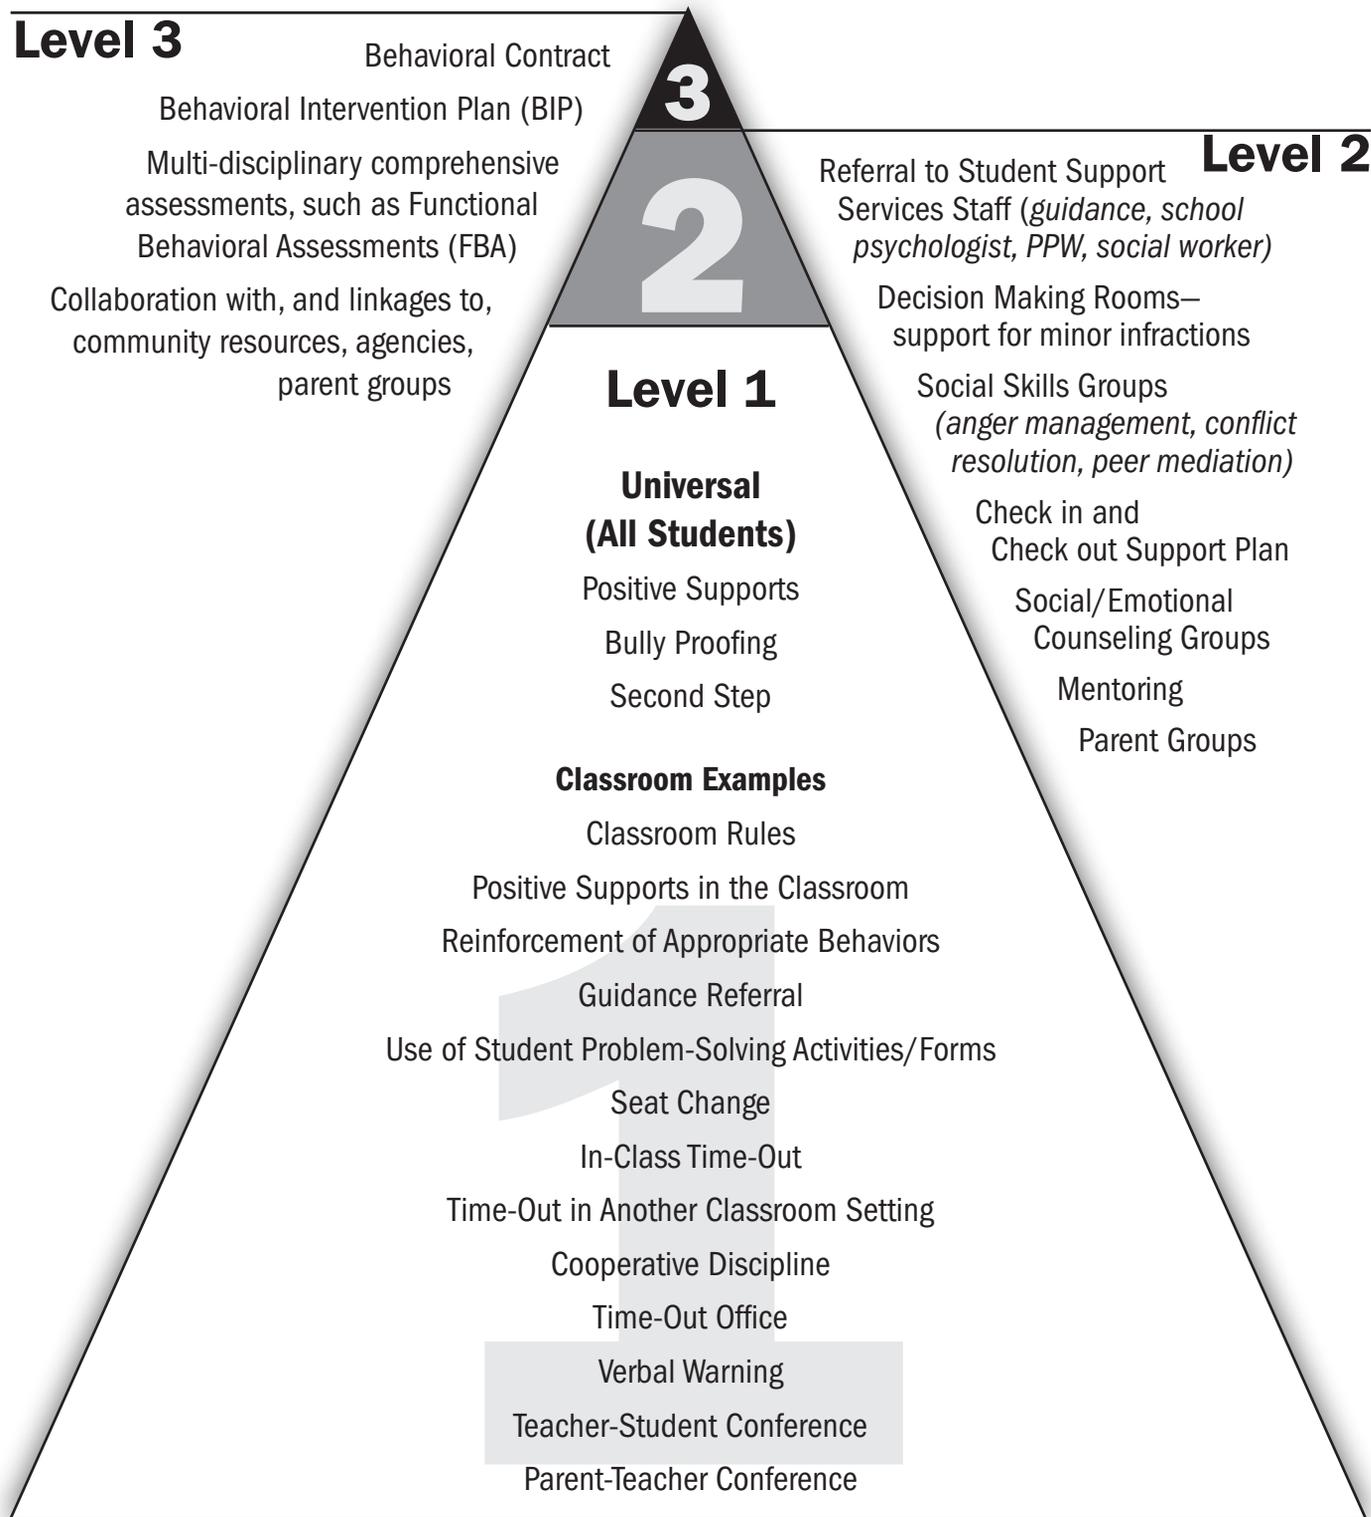

Level 3—Intensive Individualized Interventions

Focus on:

- the needs of individual students who exhibit a pattern of problem behaviors
- diminishing problem behaviors and increasing the student's social skills and functioning
- interventions involving functional behavioral assessments and behavioral intervention plans

The Three Levels of Intervention

Interventions may include (but are not limited to) the examples below.

Levels of Consequences

The Code of Student Conduct shall apply to all students at all times on all Board of Education property, including:

- in school buildings
- on school grounds
- in all school vehicles
- at all school, school-related, or Board-sponsored activities, including but not limited to:
 - school field trips
 - school sporting events
(*whether such activities are held on school property or at locations off school property, including private business or commercial establishments*)

Levels of Interventions and Consequences for Violations of the Code of Student Conduct

As with any incident of student behavior, school administrators must exercise informed judgment as to whether a student's actions constitute a violation of the Board policy and/ or the Code of Student Conduct. The levels, shown on the following page, guide administrators to use *progressive interventions* to change student behaviors. The administrator always has the option to use an intervention from a lower level as long as one from the prescribed level is also employed. Moreover, if a behavior is deemed a criminal offense by local authorities and such offense is not identified in this *Code of Student Conduct*, the consequence may be expulsion from the Anne Arundel County Public Schools. Restitution for loss or damage will be required in addition to any other prescribed consequences.

Levels of consequences and options for progressive interventions follow. **Repeated chronic or cumulative offenses may require higher levels of interventions/consequences.** For serious violations, interventions/ consequences may begin at a higher level.

Riding the school bus is a privilege. This privilege may be temporarily denied or permanently revoked if misconduct jeopardizes the safe operation of the school bus or the safety of students riding the bus. School suspension is a possible sanction.

Behavior or activity jeopardizing the safe operation of the school bus or interfering with the welfare of other vehicle occupants is prohibited. The school bus operator will report promptly and in writing to appropriate administrative staff any conduct appearing to require disciplinary action. After administrative staff evaluation, appropriate disciplinary action will follow. A copy of the misconduct report will be returned to the school bus operator. Generally, misconduct on a school bus will not deny a student access to the classroom. School suspension, including expulsion, will occur only in special cases of misconduct that warrant this type of action.

Video/Digital Cameras and Audio Recording Devices

Many school buses are now equipped with video cameras and audio recording devices. These tools monitor the passenger area of the bus. The objective is to provide an important additional tool to assist the driver in managing student conduct on school buses, an important safety consideration that benefits all.

Bus Behavior Expectations & Safety Requirements for All Students

Riding the school bus is a privilege. This privilege may be temporarily denied or permanently revoked if misconduct jeopardizes the safe operation of the school bus or the safety of students riding the bus. School suspension is a possible sanction.

Students are expected to observe the following rules for safety and courtesy on the bus. Parents are responsible for the supervision and safety of students from home until they board the bus, and from the bus stop to home.

1. At the Bus Stop	2. When the Bus Arrives
<ul style="list-style-type: none"> · Exercise safe pedestrian practices while on the way to the waiting area for the bus stop. · Arrive at the waiting area for the bus stop ten (10) minutes before bus pickup. · Wait in a quiet and orderly manner. · Stay on your side of the roadway controlled by the bus warning lights. <ul style="list-style-type: none"> · Where same side service is provided, you should not cross the roadway for any reason. Please remain at the designated school bus stop on the same side of the road where you live. · Be aware, cautious, and respectful of traffic. · Wait in a safe place, clear of traffic, and away from where the bus stops. · Respect private property. 	<ul style="list-style-type: none"> · Remain at the waiting area until the bus comes to a complete stop. · Check traffic from all directions, then check again. · Before walking from the waiting area to the entrance of the bus be certain that the bus warning lights are activated and that all traffic in all directions has stopped. · When safe to board, do so promptly. · When boarding, be aware of and avoid the “danger zone,” the ten foot area immediately surrounding the stopped school bus. Be sure that you can see the bus driver’s eyes when in the vicinity of the school bus. · If crossing a street controlled by bus warning lights is necessary, cross promptly after checking that all traffic in all directions has stopped. Cross in front of the bus only. · Upon entering the bus proceed directly to an available or assigned seat.
3. On The Bus	4. Exiting the Bus
<ul style="list-style-type: none"> · Follow instructions of bus personnel. · Be respectful of all people, including all bus personnel. · Use language appropriate for the school setting. · Keep the bus neat and clean. · Do not eat or drink. · Talk quietly and politely. · Sit in assigned seat, if one has been assigned by bus or school site personnel. · Stay in seat; keep aisles and exits clear. · Carry-on items are limited to those that can be held in your lap (including musical instruments). No hazardous materials, nuisance items, or animals are permitted on the bus. · Be respectful of the rights and safety of others. · Do not extend head, arms, or objects out of bus windows. · Cell phones usage is prohibited (off and out of sight) · Remember that school rules apply to the school bus. For example, use or possession of tobacco, alcohol, and other drugs is not allowed. 	<ul style="list-style-type: none"> · Remain seated until the bus comes to a complete stop. · Exit the bus at the bus stop area in an orderly manner. · Exit at your assigned bus stop. · Check traffic from all directions, then check again. · Before exiting the bus, be certain that all traffic in all directions has stopped. · When safe to exit, do so promptly. · Be aware of and avoid the “danger zone,” the ten foot area immediately surrounding the stopped school bus. This handbook is a guide to the rights and responsibilities of students in Anne Arundel County Public Schools (AACPS). This section includes only a summary of laws, policies, and regulations that affect students. It is not a definitive statement of student rights in any particular situation. For additional information, please read the specific laws, policies, and regulations referenced throughout this handbook. AACPS policies are available on the school system's website at

<http://www.aacps.org/aacps/boe/board/policy/Policies.asp>.

In addition, the student's school administrators have copies of these documents.

A student has legal rights guaranteed by the

Student Rights

Constitution of the United States and Maryland state law. In addition, students have privileges provided by Board of Education Policies and Regulations. These rights and privileges can be exercised in school as long as they do not interfere with the rights of others or the schools' responsibilities to provide safe and orderly schools. AACPS encourages each student to balance the expression of his/her rights by honoring his/her responsibilities outlined in this publication.

Right to Freedom of Expression

The First Amendment to the United States Constitution protects religious freedom and liberty against government interference or encroachment. Religious freedom will be subject to limitation only in the event of acts that endanger health and safety, damage property, or disrupt the educational process. There will be no required participation in or attendance at any religious programs, prayers, or devotional instruction as part of a course of study. Being religiously neutral, the schools will not promote any religion, will not express opposition or hostility to religion, and will not show preference for one religion over another. It will be the responsibility of students and staff to respect the religious beliefs of others.

A student absent for documented religious reasons will not be subjected to denial of credit provided the total number of non-religious absences is not excessive.

Board of Education Policies IFI/605.09 and IFJ/605.10

Right to Participate in Patriotic Exercises

Maryland Educational Law provides that the love of freedom and democracy, shown in the devotion of all true and patriotic Americans to their flag and country, shall be instilled in the hearts and minds of the youth of America. Any student or teacher who wishes to be excused from the participation in a flag salute shall be excused.

Board of Education Policies IK/610 and IKA/610.01

Right to Conduct Activities in School Buildings

Maryland State Board Bylaw provides that all student organizations desiring to conduct activities in public school buildings or on public school grounds shall be permitted to conduct these activities only if authorized to do so and shall thereafter be subject to the supervision of the administration and faculty of the school.

Any secret, exclusive, or self-perpetuating organization which seeks to organize and perpetuate itself by taking in members from among the students enrolled in the public schools in which they are students, upon the basis of decision of the membership of the organization, rather than from the free choice of any students in the school who are qualified to fill the special aims of the organization, shall be prohibited from conducting its activities in public school buildings or on public school grounds.

No organization which officially represents the school in any capacity and no curricular or extracurricular activity which is organized with or by the school may deny or segregate participation or award or withhold privileges on the basis of race, color, religion, national origin, sex, age, marital status, sexual orientation, or disability except where the purpose of the activity requires qualifications.

Board of Education Policies JC/902, JCL/902.12 and AR/902.16

Right to Freedom from Unreasonable Search and Seizure of Property

A student has the right to freedom from unreasonable search and seizure of his/her person and property. School officials, however, have a right under the law to search students or their property whenever there is a reasonable suspicion that the students have something that violates school rules or endangers others. Students may be searched to maintain the ongoing educational process, to maintain order, and/or to protect people and property. Searches may include the student and his/her locker, desk, automobile, or personal belongings. Students shall not be asked nor required to disrobe, i.e., no strip searches.

Board of Education Policy JCE/902.05

Right to Freedom from Corporal Punishment

State law prohibits employees of Anne Arundel County Public Schools from administering corporal punishment.

Right to Due Process and Appeal

When students are alleged to have violated school policy, they have the right to certain due process protections. This means that they are entitled to notice of the allegations against them and the opportunity to respond to the allegations.

If a student is suspended for ten or fewer school days or believes that an action taken by the school is a violation of policy, the parent may use the Complaint Process, Board of Education Policy JCH/902.08, to initiate an appeal.

If a student is suspended for more than ten school days, the parent may use the procedures set forth in Board of Education Policy JD/903, Student Suspension and Expulsion. Section 7-305 of the Education Article of the Annotated Code of Maryland also sets forth the appeal rights in these circumstances.

Right to Freedom from Harassment and Discrimination

AACPS is governed by federal, state, and local anti-discrimination laws. To address these, AACPS has adopted policies that forbid discrimination in providing equal educational opportunities on the basis of race, color, religion, national origin, sex, age, marital status, sexual orientation, or disability. If a student and/or parent/guardian believes that a student has been discriminated against on these bases, the parent/guardian/student must file a complaint in accordance with Board of

Education Policy JCP/(902.16). A copy of the procedure and the necessary forms for filing are available at the local school or in the Human Relations Office of the Dr. Carol Sheffey Parham Building in Annapolis.

Board of Education Policies JC/902 and AR/902.16

Student Rights, continued**Right to Confidentiality of and Access to Student Records**

The Family Educational Rights and Privacy Act (FERPA) guarantees to parents/guardians of students under age 18 and the eligible student (18 and older) the right to:

- Inspect and review the educational records of the student.
- Request the district to disclose information in the educational records to persons/agencies outside the AACPS system.
- Request the amendment of the educational records to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student.
- File with the US Department of Education a complaint concerning alleged failures by the district to comply with the requirements of *FERPA*.
- Obtain a copy of the district's policies on confidentiality.

School records are maintained and kept by the school office in a secure location. They contain a list of credits, standardized test results, academic portfolios, grade-point averages, behavioral and psychological evaluations, screening and health records, attendance and disciplinary records, directory information, and a list of activities.

In order to inspect, review, or transfer educational records, the eligible student and/or the parent/guardian must complete a request form. Other than school staff, no additional person may inspect, review, or transfer student educational records without:

- the written consent of the eligible student
- the written consent of the parent/guardian if the student is under 18 years of age, *or*
- a properly issued court order, except under the conditions specified in FERPA.

Under the provisions of FERPA, the district may release educational records to other school systems, colleges, and universities to which the student intends to enroll or transfer without written consent. The district may also release directory information, including name, date of birth, dates of attendance, current school, participation in school activities and sports, degrees and awards received, and photographs without consent unless the eligible student and/or parent/guardian notify the student's principal in writing not to release the information included as directory information in the student record.

Board of Education Policy JH/907

Participation in Senior Activities

Graduating students who violate Board policies on possession, consumption, or distribution of alcoholic beverages, controlled dangerous substances, counterfeit controlled dangerous substances, noncontrolled substances, or other intoxicants, at any time during the last four weeks of school prior to the last scheduled day for graduating students, or during the time between the last scheduled day and the graduation ceremony, whether the activity takes place on school buses, within a school building or upon any school property, or during any school, school-related, or Board-sponsored activity, whether held on school property or at locations off school property, including private clubs, businesses, or commercial establishments, shall be prohibited from participation in all senior activities, including proms, award ceremonies, and graduation ceremonies.

Other disruptive behavior by senior students during the last four weeks of school will jeopardize the privilege of participating in graduation ceremonies.

Board of Education Policy 908.04

Board of Education Policy 608.04

Right of Freedom From Unreasonable Punishment

Students have the right of freedom from unreasonable punishment of the group for the offense of one student or a few students. Offenders will be charged individually. Students who feel they have been subject to unfair punishment have the right to register a complaint, beginning with a school administrator.

Student Responsibilities

Students are responsible for treating each other fairly and for acting in compliance with school policies and reasonable directions from school staff.

Disciplinary Action

Students spend the majority of their time in classroom environments where behavior is expected to meet the high standards set by Anne Arundel County Public Schools. While most discipline matters are managed in the classroom, some student behavior is managed by the office through an office referral that may result in interventions or consequences based on the nature of the violation of AACPS Board policy or the Code of Student Conduct. (See page 8 for *Levels of Consequences*). Parent/guardian involvement is critical to the creation of safe and orderly environments. Parent/guardian notification is *desired* at all levels of interventions and consequences, but it is *required* whenever there is the possibility that a student might be removed from the regular school environment.

Alternative Learning Program Placement Committee

Chronic misconduct disrupts the learning of the student and others. If the school team, in conjunction with the student's parent/guardian, feels an Alternative Education program may enable the student to be more successful, the team may make a referral to the Alternative Learning Program Placement Committee who will review referrals for placement in an alternative learning program.

Suspensions and Expulsions

Serious behavior or chronic misconduct may result in the student's removal from school. The removal may range from a short-term suspension (ten days or less), an extended suspension (more than ten days), or expulsion (removal for a period of 36 weeks).

Suspension of Students with Disabilities

Students with disabilities whose behavior has prompted disciplinary action may be disciplined. The procedures for discipline may differ from procedures for disciplining general education students depending on the length and circumstances of each suspension.

Bus Suspension

Suspension from transportation services which prevent a student with disabilities from having access to his/her special education program is considered to be the same, in effect, as a suspension for an entire school day. Therefore, suspension from transportation is counted, for the purposes of the ten-school-day consideration, as a suspension from school.

In-School Suspension

Maryland's Code of Maryland Regulations (COMAR) defines in-school suspension as "the exclusion within the school building of a student from the student's regular education program for up to but not more than 10 school days for disciplinary reasons by the school principal"

[COMAR 13A.08.01.11B(4)].

Suspension for Less Than 10 School Days

In any disciplinary action determined to require a suspension for less than ten school days (cumulative during a school year), a student with disabilities may be suspended as any non-disabled student in accordance with the procedures set forth in Education Article §7-304, Annotated Code of Maryland.

Discipline Removals for More than 10 School Days (Excluding 45 Day Removals)

Any disabled student suspended for more than 10 school days constitutes a change of placement.

Short-Term Suspension

Short-term suspension means "the removal for disciplinary reasons of a student from school for a period of not more than ten days by a school principal." The principal has the authority to remove a student for misbehavior for a specific time (not to exceed ten school days) at his/her discretion. When possible, the principal or his/her designee will meet with the student to explain the allegations against the student and allow the student to respond to them.

Extended Suspension

Extended suspension means "the removal of a student from a comprehensive school for a period of more than ten school days for a specified violation of the Student Code of Conduct."

- The principal will meet with the student and parent/guardian regarding the suspension and his/her proposal to request an extended suspension from the Superintendent.
- A Special Assistant for Safe and Orderly Schools will meet with the student and the parent/guardian within ten days of the student's removal from school.
- Notice of the meeting with the Special Assistant for Safe and Orderly Schools must be in writing and must inform the parent/guardian and student of the charges and the policy or policies allegedly violated.
- After conducting the conference with the student, the parent/guardian, and school officials, the Special Assistant will report the findings of his/her investigation to the Superintendent or his/her designee.

Student Responsibilities, continued

- The Superintendent or his/her designee will determine whether to grant the principal's request for extended suspension. If granted, notice of this decision must be in writing and must inform the parent/guardian of the charges and the policy or policies violated, the educational services provided to the student during the extended suspension, if any, the readmission to school process, and the parent/guardian's appeal process and timelines. If the principal's request for extended suspension is not granted, the principal or his/her designee will contact the parent/guardian to schedule an intake conference with him/her and the student.
- This Superintendent's decision may be appealed to the Board of Education of Anne Arundel County by writing to the President of the Board of Education within ten days after receipt of the letter of notification of extended suspension.
- If the parent/guardian disagrees with the Board's decision, they may, under certain circumstances, appeal in writing to the Maryland State Board of Education within 30 days after the date of the Board's decision.

Board of Education Policy JD/903

Extended Suspension for Students with Disabilities

When the school system seeks to suspend students with disabilities for more than ten days, the Individual Education Program (IEP)/504 team must meet within ten days of the student's removal from school. The purpose of this meeting is to determine whether or not the behavior was a manifestation of the student's disability.

- If the IEP/504 team determines that the behavior is related to the student's disability, the student is returned to school immediately.

For students with IEPs:

- Regardless of whether the conduct is related to the disability, if the incident for which the student is being disciplined involves a dangerous weapon, a controlled dangerous substance, or serious bodily injury, the school system can unilaterally place a special education student in an alternative education setting for up to 45 days.
- If the IEP team determines that the conduct is not related to the disability, the student is subject to the regular discipline procedures explained herein. However, the school system is required to continue to provide the student with a free, appropriate, public education.

Board of Education Policy JD/903

Expulsion

Expulsion means "the removal of a student from Anne Arundel County Public Schools for a minimum of 36 weeks, in compliance with federal and state laws and regulations, for a specified

violation of the Student Code of Conduct." In addition to the procedures described above for suspension, the Superintendent or his/her designee must review each expulsion request to determine if the expulsion is appropriate. A decision to expel a student may only be made by the Superintendent or his/her designee in response to a principal's request. Upon determination that a student should be expelled, the Superintendent or his/her designee will provide the student and his/her parent/guardian a written statement of the reason(s) for the expulsion, the educational services provided to the student, if any, the process for readmission, as appropriate, their right to an appeal, and their rights at the appeal hearing, if one is requested.

The same appeal rights apply as those that apply to Extended Suspensions and which are outlined in Policy JD.

Automatic 36 Week Expulsions

- Firearms (Possession or use)
- Use of Weapons
- Category I Physical Attack

Expulsion for Students with Disabilities

When expulsion is granted with regard to a special education student, the same procedures will apply as those outlined above for extended suspension for special education students.

Board of Education Policy JD/903

Readmission from an Expulsion

Upon approval, students will be allowed to apply for readmission to Anne Arundel County Public Schools at the beginning of the semester closest to the end of the period of expulsion.

Example:

Date of Expulsion: *November 25, 2010*

End of Expulsion period: *November 25, 2011*

Readmission date: *January 30, 2012*

(start of the second semester)

If students are given an opportunity to apply for readmission, students will be required to complete an application packet to include documented evidence of participation in specific activities during the time of expulsion. *These activities must show a positive change in behavior and attitude and participation in educational experiences, as well as an understanding of their role in the original incident.*

A Readmission Review Board, made up of Anne Arundel County Public Schools personnel, will meet with the student and his/her parents or guardians, review the application, and determine the appropriateness of permitting the student to return to an Anne Arundel County Public Schools program. Readmission conferences from an expulsion will be held in May, July, and December each year.

Readmission from an Extended Suspension

The parents/guardians are required to seek readmission to the regular school program for their child as a result of an extended suspension. They should contact the Director of Safe and Orderly Schools in writing, and request a conference to discuss under what arrangements their child may return to school. The request may be submitted at any time after receipt of the “Letter of Notification” of the extended suspension. In certain circumstances a student might not be allowed to return to their home or neighborhood school. After a student is placed on extended suspension from school, parents have a choice as to whether to appeal the extended suspension or to seek readmission to school.

Students who receive alternative education service while meeting the terms of their discipline sanction may transition back to a comprehensive school through the alternative education transition process as opposed to the readmission procedure described in this section.

Entering AACPS from Other School Districts or Private Schools While Serving a Discipline Sanction

Students attempting to enroll in AACPS while serving a discipline sanction must be processed through the Office of Safe and Orderly Schools.

Academic Integrity

Learning occurs best in an environment with academic integrity. Academic integrity is a fundamental value of teaching, learning, and scholarship. Academic integrity is defined as exhibiting honesty in all academic exercises and assignments. Academic integrity is an integral part of promoting self-respect, trust, student achievement, and positive relationships among all stakeholders in our school community. Students are expected to exhibit academic integrity with regard to all academic exercises and assignments.

Middle and high school students will be asked in either home room or student advisory to sign an acknowledgement that they have read the Academic Integrity Policy and Regulation at the start of each year, along with a statement pledging that they have read, understand, and will adhere to this Policy and Regulation when submitting all academic work.

Middle and high school students who enroll after the beginning of the school year will be asked in either home room or student advisory to sign an acknowledgement that they have read the Academic Integrity Policy and Regulation at the start of each year, along with a statement pledging that they have read, understand, and will adhere to this Policy and Regulation when submitting all academic work.

Copies of the signed acknowledgement will be retained at each school’s main office.

Violations of the Academic Integrity Policy and Regulation may result in disciplinary action. Consequences for violations may vary according to the severity of the violation and will follow the progressive interventions and discipline as outlined in the Student Code of Conduct.

Board of Education Policy IN/613

Community Offenses

The Board of Education recognizes that the presence of a student who has been charged with a criminal or juvenile offense of a serious nature in the community, especially an offense involving violence or weapons, may pose a threat to the safety and welfare of the student and others in the school community and disrupt the educational process in the school. The Board also recognizes that the educational needs of a student who has been charged with a criminal or juvenile offense of a serious nature in the community must be carefully balanced with the Board’s obligation to provide a safe school environment free of disruption for all students.

In accordance with these principles, if school administrators determine that the presence of student charged with a criminal or juvenile offense of a serious nature in the community poses a threat to the student or others, or to the educational process, the student may be assigned to an alternative educational program pending a final administrative decision of the student’s educational placement.

Student Attire

Students are to dress in clothes that promote a safe and respectful learning environment. Clothes that create a disruptive environment or cause a health or safety hazard are not appropriate and not acceptable at school. School personnel will enforce this dress code.

Headwear • Only for health, safety, or religious reasons

Shoes • No bare feet

- Clothing** • Cannot show profanity, obscenity, violence, or symbols of hate
- Cannot promote alcohol, tobacco, or drugs
 - Cannot promote gang colors or gang-related signs
 - Cannot show underwear
 - Cannot show bare skin between upper chest and mid thigh

Examples of inappropriate dress:

- baseball caps
- midriiffs
- pajama bottoms

Student Responsibilities, continued

Technology Resource Use by Students

Students will have the opportunity to use Anne Arundel County Public Schools (AACPS) technology-related resources. Student use of technology develops skills in defining, accessing, managing, evaluating, creating, communicating, and problem solving.

For AACPS technology-related resources (including hardware, software, approved mobile devices) that are accessed by minors, and in accordance with the Children's Internet Protection Act (federal law enacted December 2000), AACPS has implemented technology protection measures to block or filter Internet access to pictures and sites that are inappropriate or harmful to minors.

AACPS is committed to providing safe and quality instructional opportunities for all students. The student is responsible for appropriate behavior while using technology-related resources. Teachers monitor student activities while online for appropriateness and instructional relevance. Instructional mobile devices that are sanctioned by AACPS are accompanied by parent/teacher Acceptable Use Policy forms that are kept on file within the school.

Students shall:

- Use the provided school network account in an ethical, responsible, and legal manner for school-related tasks only.
- Communicate with others using appropriate language in a courteous and respectful manner.

Getting Help With a Problem

School Problems

If students have a problem related to discipline, security, personal safety or welfare, or vandalism, the student should:

1. Tell the nearest teacher or adult staff member. Tell him/her exactly what has happened to the student or what the student has observed happening to someone else. Problems of discipline, security, and personal safety are considered very serious.
2. Talk to the principal or assistant principal right away.
3. Express feelings. It is natural to feel worried and upset. Talk to someone who will listen and understand —

Getting Help With a Problem, continued

perhaps a peer mediator, peer helper, teacher, school counselor, school psychologist, social worker, or an adult mentor. It is important to talk to a trusted adult.

4. Ask to talk to a school counselor, school psychologist, or social worker who can help students learn ways to deal with problems so that they may feel safer and more comfortable when faced with similar problems in the future.
5. In addition to alerting school personnel, a student should tell his/her parents about the problem. They will want to know.
6. A student may also call the *Student Safety Hotline* at 1-877-676-9854.

It is important for students to know that when a report is made to the school about an incident of this nature, every effort will be made to keep the information and identity confidential.

Personal Problems

For help with personal problems which may affect a student's school life or activities:

1. If possible, discuss the problem with parents/guardians.
2. If a student and his/her parents/guardians cannot solve the problem, there are a number of people in the school who may be able to offer additional help. The student may speak to a teacher with whom he/she feels comfortable.
3. School counselors, psychologists, and social workers at the school are trained to offer help with personal problems. Peer counselors are available in many of the county's secondary schools to help fellow students with problems. They can also lead the student to other resources he/she may not be aware of.
4. The assistant principal and the principal will also be able to discuss the problem with the student and attempt to work on a solution. If they are unable to do so, they will seek assistance.

Academic Problems

For help with an academic problem, the student should:

1. See the teacher who teaches the subject. Students may seek out the teachers on a personal basis. Teachers routinely work with individual students who are having academic problems. The teacher may recommend help sessions or mentoring, or may make a referral for additional assistance. The teacher may ask for a conference with the student and his/her parents/guardians.
2. If the teacher is unable to help the student resolve the problem to the student's satisfaction, the student should go next to the department chairperson or lead teacher.

3. Further help can be obtained through the school counselor.
4. For problems that are still not resolved after the student has talked with the school counselor, the student should discuss the matter with his/her parents/guardians and with the principal or assistant principal. Parents/guardians may wish to join the student in discussions with the principal.
5. Solving an academic problem requires the student's help, along with the help from teachers and sometimes parents/guardians, school counselor, and other school professionals.
6. Your school may have a Homework Hotline to assist you.

Extracurricular Activities

For help with problems involving extracurricular activities, the student should:

1. See the advisor assigned to the activity at a time when he/she can give you his/her undivided attention. Try not to discuss the problem during the activity period itself.
2. If the activity involves athletics or cheerleading, see the athletic director of your school.
3. If the student does not know who is assigned as advisor to the activity, the student should see an administrator.
4. If the student is unable to get help in solving the problem by doing the above, discuss the matter with parents/guardian and with the principal. Parents/guardians may wish to join the student in discussions with the principal.

Group Problems

For help with a group problem related to discipline, security, personal safety, or welfare:

If a group of students feels it shares a common problem, the best way to seek assistance is for the group to send two or three representatives to the teacher or administrator involved and present the group's point of view on the matter. Communication between one or two people and a large group is extremely difficult and is an ineffective approach to problem-solving. The most effective approach is one that involves communication between representatives of the groups involved.

Bullying, Harassment, Intimidation, Hazing, & Bias Behavior

Bullying and cyberbullying, harassment and intimidation, hazing, and bias behaviors are unsafe and do not reflect respect for others as defined by the Code of Student Conduct. If you or someone you know is a target of one of these behaviors, you can report it using the *Bullying, Harassment, or Intimidation Reporting Form*, available on the school website

Getting Help, continued

or from the main office or the school counseling office. You can also tell a staff member, who will respond quickly and provide a practical, private, and safe place to report.

If You are Being Bullied...

- Tell someone — a parent, a teacher, a counselor
- Try not to show anger or fear
- Calmly tell the student to stop...or say nothing and walk away
- Try to avoid situations where bullying is likely

 - Don't encourage the bully by laughing or joining in
 - Tell other bystanders how to help stop bullying
 - Tell an adult

If an administrator determines that one of these behaviors has occurred, the students involved will receive support from a school counselor, school psychologist, school social worker, pupil personnel worker, or school health staff person to be sure everyone involved feels safe and supported and understands how to avoid these situations in the future.

Confidentiality in Counseling

When a student indicates that he or she is thinking about hurting himself or herself or other students, school personnel are required to take action to ensure the safety of the student or other students. This action will include sharing of information with the school principal, parents, and may include other outside agencies.

(Administrative Regulation 800.04)

No statement, oral or written, made by a student seeking counseling for any form of drug abuse may be used as admissible evidence against him/her in any proceedings.

(State Education Article 7- 410) Academic Problems

Peer mediators support safe teaching and learning environments by increasing student responsibility for behavior and decreasing time spent on discipline.
