Under the Maryland Public Information Act Title 4, we are requesting an opportunity to obtain copies of public records pertaining to communications between Councilmember Jessica Haire, Halle Development, Richard Rounds, and the proposed Chesapeake Terrace Rubble Landfill.

Please provide all letters, correspondence, emails, text messages, calendar items, meeting notes, and any other documents including Councilmember Jessica Haire, Richard Rounds, and the following terms:

- Chesapeake Terrace Landfill, and/or
- National Waste Managers, and/or
- NWM

If there are any fees for searching for or copying these records, please inform us if the cost will exceed \$500. We request a waiver of all fees, as this disclosure of records is in the public interest and will contribute to the public understanding the nature of the relationship between an elected member of the County Council and an entity currently litigating against the County in an effort to construct a landfill fought by area residents for more than 30 years.

The Maryland Public Information Act requires a response to this request within 30 days. If access to the records we are requesting will take longer than this amount of time, please contact us with information about when we might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you believe justifies the refusal to release the information, and notify us of the appeal procedures available under the law.

Thank you for your consideration,
