This B.O.L.O is for Officer Awareness and Information. The above pictured individual was called in as a suspicious person on 04MAR2026 at approximately 0950 hours outside of the United States Naval Academy in Annapolis, Maryland (gate three ECP).

The subject was observed taking several photos of the closed USNA gate, specifically of the empty security personnel spaces at the gate and gates and locks. The subject quickly departed the area when a Naval Academy civilian employee took photos of him and subsequently alerted base police of the suspicious circumstances.

Base Police was unable to locate the individual at or near the USNA but conducted a background of the Georgia registration which led to the positive identification of Mr. Norman Thomas George. According to the rental agreement, he rented the vehicle on 26FEB2026 at JFK in New York and is due to return the vehicle on 28MAR2026 at the Sky Harbor Airport in Phoenix, AZ.

If this subject is seen at other United States Military Installations or Government Buildings within the National Capital Area, conduct an FI and contact Detective George SANGRIU at 202-607-7744 or Annapolis NCIS Office at 410-227-1696 for additional questions or information.
